Cookies Policy

We use cookies and similar technology to distinguish you from other users of our site. This helps us to provide you with a good experience when you use our site and allows us to improve our site.

Cookies are small files stored on your computer. They are downloaded by your internet browser and designed to store information so your computer or the website can use them to find out things like whether you've been to the site before, or if you're logged in.

We use the following cookies for the following purposes:

Strictly necessary cookies. These are cookies that are required for the operation of our website.

Analytical/Performance cookies. These allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

Functional cookies. These are used to recognise you when you return to our website. This enables us to personalise our content for you and remember your preferences.

Targeting cookies. These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website more relevant to your interests.

You can find more information about the individual cookies we use and the purpose for which we use them in the table below:

Service	Cookie name	Purpose
Civic cookie control	Cookiecontrol	This is the cookie for the Cookie Control settings and the panel that appears.
Google Analytics	_ga	This cookie is used to collect information about how visitors use our site. The cookie collects information in an anonymous form, including number of visitors, where visitors have come to the site and the pages visited.

To find out more information about cookies and how to manage them, http://www.allaboutcookies.org/cookies/ is a site produced by the Interactive Advertising Bureau (IAB), an industry body.

Modern browsers will allow you to disable cookies per site using their options/preferences settings.
